The various positions of the combined financial statements of the Fund are equal to the sum of the various corresponding positions in the financial statements of each Sub-Fund and are expressed in EUR.

For each Sub-Fund, the Net Asset Value at the beginning of the period is converted into EUR on the basis of the exchange rates used at June 29, 2018. The exchange differences between the Net Asset Value at the beginning of the period converted at the exchange rates used at December 29, 2017 and the exchange rates used at June 29, 2018 are included in the “Exchange difference from Sub-Funds” in the Statement of Operations and Changes in Net Assets for the period.

Securities and/or Money Market Instruments listed on an official Stock Exchange or traded on any other regulated market are valued at the last available price in Luxembourg on the principal market on which such securities are traded, as provided by a pricing service approved by the Board of Directors of the Fund. If such prices are not representative of the fair value, such Securities and/or Money Market Instruments as well as other permitted assets, are valued at a fair value at which it is expected that they may be resold, as determined in good faith by and under the direction of the Board of Directors of the Fund.

Securities and/or Money Market Instruments not quoted or dealt in on any regulated market are valued at the last available price in Luxembourg, unless such price is not representative of their true value; in this case, they are valued at a fair value at which it is expected that they may be resold, as determined in good faith by and under the direction of the Board of Directors of the Fund.

Investments in investment funds are valued on the basis of the last net asset value available in Luxembourg.

g) *Valuation of cash at hand or on deposit, bills, demand notes and accounts receivable, prepaid expenses, dividends and interests*

In which case the value thereof will be determined by deducting such amount the Board of Directors consider appropriate to reflect the true value thereof.

Dividends are recorded at ex-date. Interests are accounted for on a prorata basis.

Realised gains or losses on sales of investments are calculated on the basis of average cost of the investments sold.

The Investment Management fee is payable monthly in arrears and calculated on the average Net Asset Value of the Sub-Fund over the relevant month.

In addition, the Investment Manager is entitled to receive a Performance fee as described here below:

FORUM ONE - VCG Partners Vietnam Fund:

The Investment Manager is entitled to receive a performance fee (the "Performance Fee") in respect of the Class B, Class C, Class D and Class E Shares (each a Share Class).

The Performance Fee for each Share Class is calculated daily and accrued daily on each Valuation Day during each financial period ending on 31 December (each a Calculation Period).

The first Calculation Period was the period commencing on October 1, 2015 and ending December 31, 2015.

The Performance Fee shall be payable within 5 business days after any of the following circumstances occurs (each a "Payment Date"):

- a) the last Valuation Day in each Calculation Period; or
- b) the date of termination of the Investment Management Agreement; or
- c) in respect of a Share Class that is liquidated before the end of a Calculation Period, the Valuation Day on which the final redemption of the Shares in that Share Class takes place; or
- d) in the case of Shares redeemed during a Calculation Period, the portion of the Performance Fee accrued in respect of those Shares shall be payable.

The Performance Fee is calculated as follows:

The Performance Fee in respect of the above-mentioned Share Classes is equivalent to 15% of the outperformance of the NAV per Share over the Adjusted Reference NAV (as defined below) multiplied by the average number of shares in the relevant Share Class in issue during the Calculation Period.

The Performance Fee is calculated on the basis of the NAV per Share, after deduction of all expenses, liabilities, and management fee (but not after deduction of Performance Fee).

The Reference NAV is defined as the greater of (i) the High Water Mark which is the NAV per Share on the last Valuation Day of any preceding Calculation Period on which a Performance Fee is payable and (ii) the NAV per Share on the last Valuation Day of the preceding Calculation Period. The first Reference NAV is the Initial Offering Price per Share. The first Reference NAV determination date is the launch date of each Share Class.

The Benchmark Return is defined as a hurdle rate of 5% per annum calculated pro rata temporis.

The Adjusted Reference NAV is defined as the Reference NAV plus the Benchmark Return.

No Performance Fee will be due if the performance of the NAV per Share before deduction of Performance Fee is below the Adjusted Reference NAV over the Calculation Period.

**INVESTMENT MANAGEMENT
FEE AND PERFORMANCE FEE
(continued)**

A provision is made for the Performance Fee on each Valuation Day. If the NAV per Share underperforms the Adjusted Reference NAV since the last Reference NAV determination date, the provision made in respect of the Performance Fee is reduced accordingly. In the case of Shares redeemed during a Calculation Period, the portion of the Performance Fee accrued in respect of those Shares shall be payable within 5 business days of redemption and the amount shall be deducted from the accrued Performance Fee which is reversed to the Sub-Fund's NAV in the following day. If the provision falls to zero, no Performance Fee will be payable.

FORUM ONE - Anara Total Convexity Fund:

At the end of each financial quarter, the Investment Manager is entitled to receive a Performance fee equal to 20% for Share Class A and 10% of Share Class X of the net increase in the Net Asset Value of each outstanding Class during such financial quarter in excess of any decrease in the Net Asset Value of such Class in any prior financial quarter which has not previously been recouped (i.e., subject to a high-water mark). The Performance fee is calculated and accrued on each valuation day and is quarterly paid to the Investment Manager.

The Performance fee is calculated separately with respect to each Class, and is also calculated and payable as of the date of redemption with respect to any Shares that are redeemed. The net increase in the Net Asset Value per Class includes realised and unrealised gains and losses as well as all income and expenses of the Sub-Fund.

FORUM ONE - Colville Square - Megatrend's Champions

At the end of each financial year, the Sub-Fund pays out a Performance Fee equivalent to 10% of the outperformance above MSCI World Index Euro hedged (dividends reinvested).

The use of high water mark ensures that investors will not be charged a Performance Fee until the Net Asset Value exceeds the previous highest Net Asset Value on which a Performance Fee was paid. For the avoidance of doubt, a Performance Fee will only be paid out of the assets of the Sub-Fund where the Net Asset Value is positive and outperforms the Benchmark.

The Board may decide to substitute the existing Benchmark for another Benchmark where the particular Benchmark ceases to exist or, in the determination of the Board, there is a material change in the formula for or the method of calculating a constituent of the Benchmark or there is a material modification of the constituents of the Benchmark. The Shareholders of the Sub Fund will be notified of the decision of the Board to proceed to change the Benchmark and will be offered the option to redeem their Shares in the Sub-Fund free or charge during a period of one month.

The Performance Fee is calculated and accrued on each Valuation Day and is paid out annually.

The Performance Fee is calculated separately with respect to each Class, and is also calculated and payable as of the date of redemption with respect to any Shares that are redeemed. The net increase in the Net Asset Value per Class includes realised and unrealised gains and losses as well as all income and expenses of the Sub-Fund.

The Performance Fee is paid out of the assets of the Sub-Fund to the Investment Manager and the Investment Adviser on the basis of allocation rules as agreed from time to time in writing between the Investment Manager and the Investment Adviser. As of the date of the current Prospectus, 50% of the Performance Fee is paid to the Investment Manager and 50% of the Performance Fee is paid to the Investment Adviser.

FORUM ONE - Latin American Corporate Credit Investment Grade

No Performance Fee is payable for the Sub-Fund FORUM ONE - Latin American Corporate Credit Investment Grade.

FORUM ONE - Key Capital Ocho

At the end of each financial year, the Investment Manager receives a special allocation of net profits of the Sub-Fund (the Performance Fee) equal to 10% of the net increase in the Net Asset Value of each outstanding Class during such financial year in excess of any decrease in the Net Asset Value of such Class in any prior financial year which has not previously been recouped (i.e. subject to a high-water mark).

The net increase in the Net Asset Value per Class includes realised and unrealised gains and losses as well as all income and expenses of the Sub-Fund (but not the Performance Fee).

The Performance Fee is subject to a high watermark which ensures that Shareholders will not be charged a Performance Fee until any previous losses are recovered. The high watermark is the last Net Asset Value per Share after deduction of the Performance Fee calculated over the previous year.

The Performance Fee is calculated and accrued on each Valuation Day, and it is payable to the Investment Manager within the following 5 Business Days of:

- a) the closing date of the financial year; or alternately;
- b) the termination date of the Investment Management Agreement; or
- c) the redemption date with respect to any Shares that are redeemed.

FORUM ONE - BAM Latam Corporate High Yield Debt
